# Today is International Pregnancy & Infant Loss Remembrance Day

We remember all the babies that are not here with us, reflect on all the anticipated pregnancies that resulted in devastation and grief, and send our love and care to parents and families impacted by baby loss.

**Every day in Australia, six families will experience the tragedy of stillbirth. That number is nearly double the national road toll and has not changed in 20 years.**

You can help change this by making a tax-deductible donation to Stillbirth Foundation Australia. Your donation will directly fund research to reduce the incidence and impact of stillbirth and the provision of high quality bereavement care resources for families and clinicians.

**Stillbirth Foundation Australia**

[stillbirthfoundation.org.au/donate](http://stillbirthfoundation.org.au/donate)

**Sadly not all stillbirths are preventable but some are, and with your help and support we can reduce the risk. The Stillbirth Promise is a way for people to support safer pregnancy, break down the stigma surrounding stillbirth, and help reduce the rate of stillbirth in Australia. By making The Stillbirth Promise you are highlighting to expecting families three proven behaviours that have been shown to help reduce the risk of stillbirth.**

**MAKE the stillbirth PROMISE**

**AND SHARE THESE THREE BEHAVIOURS**

**1 Sleep on your side after 28 weeks**

**2 Monitor your baby's movements**

**3 Stop smoking and avoid second-hand smoke**

**VISIT [stillbirthpromise.org.au](http://stillbirthpromise.org.au)**

*Thank you* to The Australian for their generous donation of this advertising space
